

VILLAGE GUESTHOUSE ITINERARY

THREE-NIGHTS AND FOUR DAYS AT JEBO AND OROTOABA

Day 1

Canoe or boat ride over to Jebo. Lancelot Ginari, the owner of the guesthouse, will greet you upon arrival, show you around and talk about his village. Your room will be on the splendid white sand on the beach. Jebo offers good snorkelling and an outrigger trip into the waterfalls at Urumanoa Bay, where two of the three waterfalls coming down from the steep shores end up straight in the fjord – an invitation for a swim!

Day 2

After a morning snorkel, walk or outrigger (fine all year in the fjord) to one of the Orotoaba guesthouses. Orotoaba is a particularly beautiful village with good walks to view points over Ibura Bay and/or the top of the Urumanoa waterfalls. Orotoaba is perched on the saddle between two of Tufi's spectacular fjords, Ibura Bay and Uramanoa Bay. Jackson and Rodney who are village heads of clan provide home stay accommodation and are avid birdwatchers. It is also close to the big forest on the ridge and Jackson and Pamela might show and explain their traditional costumes. It is a particularly beautiful village with its well-tended lawns, its coconut boulevard and its elevated views of the ocean and the fjords.

Day 3

Enjoy one of the many walks, or just relax in the village.

Day 4

A morning at Orotoaba makes it possible to get up before sunrise and go up and watch the Birds of Paradise display. It's about an hour's walk to the lek tree where they put on their courtship displays, but what a reward. Lunch back in the village then return to the resort.

Culinary treats during the trip are crayfish, pig, bandicoot or other small game, mackerel or Red Emperor from the sea.
